The International Society For The Study of Vulvovaginal Disease

Continuing Medical Education Credit is provided through joint providership with: The American College of Obstetricians and Gynecologists

ISSVD’s Top Speakers and World Renowned Experts will share their insider tips and tricks for diagnosing and treating the complicated issues of vulvovaginal disease.

Online registration available at www.issvd.org
Recognize the normal and abnormal anatomy of the vulva and vagina; Psychological Aspects of Vulvar Disease Lab-Techniques to Ease Vulvar Pain Physical Therapy Treatment/Intro to Sexual Dysfunction Pigmented Lesions Lichen Sclerosus Lab-Assessment of Abdominal and Visceral Tone Other White Dermatoses Demonstration of Postural and Mobility Assessment Pathology for Diagnosis

Meeting Information

This course is ideal for clinicians who treat patients with persistent or recurrent vulvar symptoms, or who are communicating with other specialists in the field. The course is for those practitioners who treat itching, dyspareunia, and pain, as well as recurrent and chronic infections or are trained in vulvar symptomatology. The conditions include recurrent vulvovaginal candidiasis, vulvar lichen simplex chronicus, lichen plaques, lichen sclerosus, vulvodynia, ulcers, and desquamative inflammatory vaginitis.

Learning Objectives

Upon completion of this course, participants will:

• Be able to describe the pathophysiology of a variety of vulvar disorders, and use that information to correctly diagnose and effectively treat patients with vulvar complaints;
• Recognize the normal and abnormal anatomy of the vulva and vagina;
• Gain an understanding of pitfalls in the diagnosis and management of chronic vulvovaginal pain;
• Learn basic therapies of dermatologic conditions, including the use of topical medicaments;
• Be able to associate various congenital lesions with their recent appearances;
• Be able to continually perform a vulvar biopsy for different types of lesions;
• Understand how to submit vulvalumens specimens for pathologic analyses, and be familiar with your consultation pathologist in a meaningful way;
• Recognize and treat common and residual vulvodynia;
• Gain insight into dermatoses of the vulva, including lichen simplex chronicus, lichen sclerosus, and lichen planus;
• Develop a differential diagnosis of vulvar lesions, ulcers, and vaginal discharge, and chronic rashes. The conditions include recurrent candidiasis, vulvar desquamative inflammatory vaginitis, lichen simplex chronicus, lichen plaques, lichen sclerosus, and lichen planus;
• Recognize a variety of vulvar lesions of ulceration, erosion, red plaques, brown lesions, and hypopigmented lesions;
• Distinguish between the causes of chronic erosive vulvovaginal skin diseases;
• Learn when and why to include consultants from other medical disciplines to help address the many facets of vulvovaginal care;
• Show an improved understanding of various vulvovaginal diseases with lectures emphasizing audience participation.

ACME Accreditation

The American College of Obstetricians and Gynecologists will be in attendance in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACME) and The American College of Obstetricians and Gynecologists, and the International Society for the Study of Vulvovaginal Disease (ISSVD). The American College of Obstetricians and Gynecologists will provide the ACME in providing continuing medical education for physicians.

AMA PRA Category 1 Credits™

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 22 AMA PRA Category 1 Credits™. Physicians should claim only the credit corresponding to the extent of their participation in the activity.

College Cognate Credits

The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 16 Category 1 College Cognate Credits. The College has a reciprocal agreement with the AMA that allows AMA PRA Category 1 Credits™ to be equivalent to College Cognate Credit.

How Medical Management and Physical Therapy Work Together to Treat Women with Vulvodynia

Course Director: Sue Hartmann, DPT
8:00 a.m.-12:00 p.m. (Lunch on your own)

(This is an optional session with an additional registration fee — includes hands-on lab experience with live models)

• Review of Normal Anatomy
• Physical Therapy Assessment
• Physical Therapy Treatment/Intro to Sexual Dysfunction
• Demonstration of Postural and Mobility Assessment
• Lab-Assessment of Abdominal and Visceral Tone
• Lab-Techniques to Ease Vulvar Pain
• Lab-Assessment of Anterior Pelvis (Vesica, Muscle, Fascial)

Digital Assessment of Pelvic Floor Function and How to Teach Pelvic Floor Exercises

Basic Vulvalascular Diseases Course

Course Co-Directors: Libby Edwards, MD/Aurua Venkatesan, MD
1:00 p.m.-5:00 p.m.

(This is an optional session with an additional registration fee with hands on workshop)

• Normal Vulva & the Vulvar Examination
• Vulvovaginal Diagnostics
• Biopsy
• Therapy
• Cases, Pearls & Pitfalls
• Vulvar Biopsy Workshop/Hands On

Friday, September 7, 2018

8:00 a.m.-1:00 p.m. (Lunch included)

7 credits

• Vulvar Pruritus
• Other Common Red Dermatoses
• Pathology for Diagnosis
• Lichen Sclerosus
• Other Common Dermatoses
• Non-infectious Vulvar Ulcers/Aphthae
• Pigmented Lesions
• HIV, LSV, and AV
• Psychological Aspects of Vulvar Disease
• Your Diagnosis Is?

Saturday, September 8, 2018 • 9:30 a.m.-4:45 p.m.

( Lunch included)

7 credits

• Vulvar Medicine of Vulvodynia
• Physical/White Dermatology of Vulvodynia
• Surgical Management of Vulvodynia
• Complicated Yeast: Recurrent and Chronic Bacterial Vaginosis
• The Atrophic Vagina
• Immunological Disease
• Lichen Planus
• Other Erosive & Blistering Diseases
• Your Diagnosis Is?
