Meeting Registration
Your registration fee will include two full days of comprehensive coursework related to vulvovaginal disease and lunch on Friday and Saturday. A full cooked-to-order breakfast is included in your room rate at the Embassy Suites. Coffee will be available in the mornings at the meeting. If you are not staying at the Embassy Suites and would like to purchase breakfast tickets, you may do so at the front desk. All registration fees are non-refundable via email upon receipt of completed forms and full payment. No refunds will be made after July 15, 2020.

Location
Chicago, Illinois - Embassy Suites by Hilton Chicago Downtown Magnificent Mile (511 N Columbus Dr, Chicago, IL 60601, https://bit.ly/2ULo3Ss) is an upscale all-suite hotel located on the corner of Illinois Street and Columbus Drive, ideally situated between Navy Pier and the prestigious shops of famed Michigan Avenue - the Magnificent Mile. The hotel is approximately 40 minutes from Chicago O’Hare and approximately 20 minutes from Chicago Midway. You may choose to use the subway, a taxi or Super Shuttle (www.supershuttle.com) for transport to the hotel from either airport. The hotel does charge for self-parking guests. The cost is $48 (in/out per day) for overnight guests of the hotel; however, valet parking is $69 for up to 9 hours (per day). There are nearby parking garages that charge less. These hotel rates and are subject to change. Please visit their website for more detailed information.

Each suite has a private bedroom and separate living area. Enjoy free made-to-order breakfast and a complimentary Evening Reception.*

Accommodations
• Complimentary fitness center and pool
• Complimentary nightly manager’s reception
• Sofa bed in all-two-bedroom suites

Reservations
$215 plus tax per single/double on a space available basis, so reserve your room early. This rate is only guaranteed until August 7, 2020, or until our block is filled. A full cooked-to-order breakfast is included in your room rate at the Embassy Suites. If you are not staying at the Embassy Suites, breakfast tickets may be purchased at the front desk.

Meeting Information
This course is ideal for those providing care for children, adolescents and adults with vulvovaginal disease. The course is designed to deliver the latest clinical management options to patients with persistent or recurrent vulvar symptoms not explained by simple yeast infections or bacterial vaginosis. This course is for the practicing obstetrician/gynecologist, dermatologist, dermatopathologist, and pathologist; those engaged in vulvovaginal diagnostic and therapeutic practices; and patients with persistent or recurrent symptoms.

General Information
• Complimentary nightly manager’s reception
• Sofa bed in all-two-bedroom suites

Learning Objectives
• Be aware of various new and innovative topics and treatments in vulvar disease
• Be able to better understand the effects of aging and menopause on the vulva; emphasize audience participation
• Show an improved understanding of various vulvovaginal diseases with lectures and hands on lab experience with live models
• Distinguish between the causes of chronic erosive vulvovaginal skin diseases
• Be able to recognize and treat hidradenitis suppurativa
• Understand the importance and mechanism of pelvic floor physical therapy in the management of vulvodynia
• Be able to describe the pathophysiology of vulvovaginal disorders, and use that information to correctly diagnose and treat patients with vulvovaginal complaints
• Understand how to submit vulvovaginal specimens for pathology analysis, and communicate with your consulting pathologist in a meaningful way
• Be able to treat common and resistant vulvovaginitis
• Obtain knowledge on treatment for pruritic conditions of the vulva
• Gain insight into etiologies of the vulva, including lichen simplex chronicus, lichen planus, and lichen sclerosus
• Be able to generate a differential diagnosis of vulvar ulcers, erosions, red plaques, brown lesions, and hypopigmented lesions
• Recognize the different prognosis and treatment approach of HSIL, LSIL, and d-VIN
• Understand the diagnosis and management of vulvar pain from the medical, physical, and psychosocial aspects
• Understand the importance and mechanism of pelvic floor physical therapy in the management of vulvodynia
• Be aware of various new and innovative topics and treatments in vulvovaginal disease
• Understand what is known about desquamative inflammatory vaginitis and atrophic vaginitis
• Distinguish between the causes of chronic erosive vulvovaginal skin diseases
• Learn about and why to include consultants from other medical disciplines to help address the many facets of vulvovaginal care
• Show an improved understanding of various vulvovaginal diseases with lectures and hands on lab experience with live models
• Learn to better understand the effects of aging and menopause on the vulva
• Be aware of various new and innovative topics and treatments in vulvovaginal disease and what the research indicates.

ACME Accreditation
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education through the joint providership of The American College of Obstetricians and Gynecologists and The International Society for the Study of Vulvovaginal Disease. The American College of Obstetricians and Gynecologists is accredited by the ACCME to provide continuing medical education for physicians.

AMA PRA Category 1 Credit(s)™
The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 21 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

College Cognate Credit(s)
The American College of Obstetricians and Gynecologists designates this live activity for a maximum of 23 Category 1 College Cognate Credits. The College has a reciprocity agreement with the AMA that allows AMA PRA Category 1 Credit(s)™ to be equivalent to College Cognate Credits.

Program
Thursday, September 10, 2020
